Plant & Machinery

Hydraulic Press	170 Ton	1
	40 Ton	1
Rotary Mixture	160 Ton	1
Planetary Mixture	300 Kg	1
Pan Mixture	300 Kg	3
Colour Drum Mixture	250 Kg	1
Colour pan Mixture	100 Kg	1

Plant Capacity

- Flyash Bricks : 25000 Per Day
- Pavers : 10000 Per Day
- Tiles : 4000 Per Day

Fly ash Cement Bricks

The eco friendly product to replace the conventional clay bricks to save the environment with extra strength, uniform size, pleasant aesthetics, less wastages & economy in cement & mortar.

We manufacture these bricks in conventional sizes i.e. 4" & 6" thickness which provides you more compressive strength above 60kg/cm². It has wastages less than 2% where conventional bricks has wastages above 10%. It takes less mortar for plastering which is ultimately saving in cement, labour & time.

Parking Chequered Tiles

Chequered Tiles are the best Economical & aesthetic solution for parking & common areas with light vehicle loads. Chequered tiles are manufactured in various Colour such as Red, Yellow and Gray so as to give a wide choice & Combinations.

The tiles are manufactured in size of 10"X10" & 12"X12" with a minimum thickness of 32 mm.

Compressive Strength is min. 40 kg/cm² & above.

Currebrick Tile

Dollar Tile

Miginet Tile

Cadbury

Olympia

Cosmic

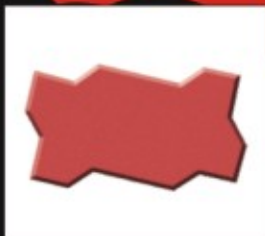

Falcon / I Section

Interlocking Paver

Interlocking Paver are heavy duty and have a greater crushing strength than chequered tiles. As they are interlocking they can be easily removed and replaced. Their thickness varies from 60 to 100 mm they can be laid directly on the hard bed. Hence there is no necessity of pcc. These pavers come in different colours and designs having great aesthetics, quality & great compressive strength of up to 500 kg./cm²

Unipaver / Zigzag

Tri - hex

Monarch Pyramid

All Tiles are available in Red, Yellow & Gray Colour.
Other Colours are available as per customer Requirement.
